Abdomen, acute surgical, mesenteric cyst presenting as an, 654

stab wounds of the, 213

Abscess, pyogenic liver, studied by cholangiography, 521 Acetabulectomy, with preservation of the extremity, 112 Achalasia, chylous ascites and, unusual complications of vagotomy and pyloroplasty, 259

Acid-peptic activity, intragastric jejunal implants as a biologic indicator of, 709

Adenoma, parathyroid, surgical management of, 685 Adhesions, intraperitoneal, silicone in the prevention of, in dogs, 638

Aldosteronism, clinical experience with, 183

Anastomosis by invagination technic, of arteries, 395 closed, of the colon for control of tumor spread, 5 intestinal, primary nonspecific ulcer of the ileum following lateral, 570

lymphaticovenous, involving the portal system, with metastatic carcinoma of vagina, 410

Aneurysm, of the superior pancreaticoduodenal artery,

traumatic, of the femoral artery following an automobile accident, 657

Angiography, abdominal, portal and splanchnic venography by selective, 773

Aorta, abdominal, technic for replacement of the, and its visceral branches, 464

arteriolitis following correction of coarctation of the, 587

Appendicitis, acute, and a Meckel's diverticulum with enterobius vermicularis, 343 with pneumoperitoneum, 604

primary torsion of the omentum, mimic of, 339 Arrhythmia, fatal, pacemaker protection against, in ex-

perimental acute coronary occlusion, 794 Arteries, anastomosis of, by invagination technic, 395 carotid, kinking of the, 503

Artery, arteriosclerotic occlusive disease of the brachial, 272

Coronary, methods for increasing the diameter of long segments of the, 33

superior pancreaticoduodenal, aneurysm of, 53 femoral, traumatic aneurysm of the, following an automobile accident, 657

experimental small, grafts, 269

superior mesenteric, occlusion and intestinal infarction, 561

Arteriolitis following correction of coarctation of the aorta, 587

Arteriotomy, patching, 207

Aspergillosis, hemi-facial resection for rare inflammatory diseases of the parotid gland, and pseudosarcomatous fasciitis, 496

Atelectasis, pulmonary, prevention of postoperative, 301 Auditory canal, external, hypesthesia, 741

Orthopedic patients, postoperative wound infections in operative, 388

Oxygenation, hyperbaric, treatment of experimental brain injury by, 493

F

Pacemakers, implantable cardiac, 201
protection against fatal arrhythmia in experimental
acute coronary occlusion, 794

Palpation, identification of the posterior vagus by, 317 Pancreas, pseudocyst of, 575

Pancreatic ulceration, duodenal closure in the complicated ulcer with penetration and, 383

Pancreatitis, recurrent, diagnosis and management of, 821 Paracentesis, abdominal, as an aid in diagnosis, 45

Paraesophageal, bronchogenic, cysts, 65

Parotid gland, hemi-facial resection for rare inflammatory diseases of the, aspergillosis, pseudosarcomatous fasciitis, 496

papillary cystadenoma lymphomatosum (Warthin's tumor) of the, in a Negro female, 660 tumors of the, 735

Pectus excavatum, surgical treatment of, by costosternoplasty with Marlex mesh, 261

Perforations, acute gastroduodenal, 870

spontaneous double gastric, emergency gastrectomy for, 278

spontaneous gastric, in the neonate, 275

Perfusion, hemibody, upper, of chloramine, palliative treatment of nonresectable lung cancer by, 385 hypothermic cerebral, with nonheparinized blood, 131

Pericardium, autogenous, as a graft for the ventricular septum, 535

Peritonitis, circulatory demand of, (in dogs), 751 tuberculosis, 681

Plasmin, effects of, on electrically induced thrombosis, 17 Pleural effusion, localized malignant, extrapleural lobectomy and pleurectomy for bronchogenic carcinoma with, 625

Pleurectomy, extrapleural lobectomy and, for bronchogenic carcinoma with localized malignant pleural effusion, 625

Pneumoperitoneum, acute appendicitis with, 604

Posteibal symptoms, enteroanastomosis with partial gastrectomy in treatment of, 615

Postgraduate course: bony and soft tissue injuries to the hand and forearm, 390

Potassium therapy, ulceration of the small bowel associated with Thiazide and, 161

Presidential address: Socioeconomic trends affecting surgery, 813

Pressure, arterial and venous, effects of rapid changes in blood volume, 117

central venous, in management of circulatory failure, 121

Prosthesis, collagen-dacron, reconstruction of the common bile duct with, 757

Pseudocyst of the pancreas, 575

Pulmonary asbestosis with metastatic mesothelioma, 308 Pulmonary atelectasis, prevention of postoperative, 301 Pyloric stenosis, hypertrophic, in the adult, 712

Pyloroplasty, unusual complications of vagotomy and, chylous ascites and achalasia, 259

Renal function following constriction of the renal vein in the dog, 649

Resection, gastric, intussusception following, 715

Respirator, Mueller-Mörch piston, the flail chest, management with, 841 Rib, first, resection of, for thoracic outlet compression, 165

Rupture, traumatic, of the spleen, 325 of the spleen, peritoneal splenosis following, 329

Secretin, effect of, on gastric motility, 187

Secretion, gastric, inhibition of, by fractionated lymph (in dogs), 513

Septum, ventricular, autogenous pericardium as a graft for, 535

Shock, hemorrhagic, treatment of experimental, with mitochondrial preparations (in dogs), 231

Silicone in the prevention of intraperitoneal adhesions in dogs, 638

Socio-economic trends affecting surgery, Presidential address, 813

Spleen, peritoneal splenosis following traumatic rupture of the, 329

traumatic rupture of the, 325

Splenectomy, effect of, on growth and development in newborn mice, 23

Splenic extract, effect of, on immunity to kidney transplantation in dogs, 597

Splenosis, peritoneal, following traumatic rupture of the spieen, 329

Steal, subclavian, 591

Stomach, glomus tumor of the, 293 leiomyosarcoma of the, 567

Suctioning, nasogastric, in abdominal surgical procedures, 631

Suture, holding device, for aiding prosthetic valve and patch insertion, 47

Suture material, present status of, 372 Sweden, medical practice in, 878

Sympathectomy, Henry's anterior, 853

Syndrome, Zoelinger-Ellison, recurrent peptic ulceration associated with, 57

Teflon serrated clips for prevention of pulmonary embolism (in dogs), 609

THAM, effect of, in blood replacement in dogs, 20

Thiazide, ulceration of the small bowel associated with, and potassium therapy, 161

Thoracic outlet compression, resection of first rib for, 165 Thoracic surgery, management of the patient before and during major, 457

Thrombectomy, for iliofemoral veno-occlusive disease, results in 16 cases, 103

Thrombophlebitis, use of dextran in, 13

Thrombosis, electrically induced, 17

venous, chronic axillary, intimectomy for, 313

Tibial artery, bypass graft to the posterior, at the ankle, 126

Tissue, bony and soft, injuries to the hand and forearm, postgraduate course, 390

Transplantation, kidney, effect of splenic extract on immunity to, in dogs, 597

lung, some observations on, 818

Trauma, antibiotic levels in plasma and lymph following thermal, (in dogs), 453

vascular, the effect of local, on fibrinolysis, 762 Tuberculosis peritonitis, 681

Tumor, glomus, of the stomach, 293

parotid, 735

spread, control of, by closed colon anastomosis, 5

U

Ulcer, duodenal closure in the complicated, with penetration and pancreatic ulceration, 383

duodenal, whither surgery?, 579

gastric, therapeutic dilemma of, 824

peptic, chronic arterio-mesenteric ileus complicated by. 619

emergency operation for massive hemorrham from, 283

gastroduodenal hemorrhage from, following operation for unrelated conditions, 240 vagotomy and gastric drainage for, 864

primary nonspecific, of the ileum following lateral intestinal anastomosis, 570

patients, gastric and duodenal, comparison of postgastrectomy complications in, 375

Vagina, lymphaticovenous anastomosis involving the portal system with metastatic carcinoma of, 410

Vagotomy and gastric drainage for peptic ulcer, 864 unusual complications of, and pyloroplasty, chylons ascites and achalasia, 259

and gastroenterostomy, 177

intestinal obstruction due to orange pulp in a patient with partial gastrectomy, and gastrojejunostomy, 407

Vagus, posterior, identification of the, by palpation, 317 Valve, prosthetic, suture holding device for aiding, 47
